

Joint international conference on astrophysics for young scientists

[Second Joint International Conference on Astrophysics for Young Scientists](#) is organized by Peter the Great St.Petersburg Polytechnic University, the Russian-Armenian University and Byurakan Astrophysical Observatory. The Conference will take place in Byurakan Astrophysical Observatory, Byurakan, Armenia, September 17-21, 2018.

Topics and sections

1. Astrophysics and Cosmology
2. Tools of Modern (Radio) Astronomy
3. Remote Sensing Systems and Spacecraft Technologies
4. Satellite Communications, Navigation Systems, and Technologies
5. Signal Processing, Systems Simulation and Complex objects control for Space Applications

Important dates:

Registration	10.09.2018
Paper submission	15.09.2018

Paper submission

CAYS invites authors to submit original and unpublished papers. Please follow our [article format recommendations](#) and send your papers by [email](#). All submitted papers should be written in English.

All accepted reports will be published as the Conference Proceedings indexing in Google Scholar and Russian Science Citation Index (RSCI).

Papers should not exceed 4 pages of text using Word Template. Each paper will be reviewed.
