

International conference IEEE EExPolytech-2019 will be held in SPbPU

IEEE EExPolytech-2019: Electrical Engineering and Photonics will take place at Polytech University.

IEEE EExPolytech-2019: Electrical Engineering and Photonics will take place at Polytech University. The conference is organized by Institute of Physics, Nanotechnology and Telecommunications of Peter the Great St.Petersburg Polytechnic University, Saint-Petersburg, Russia.

2019 IEEE International Conference on Electrical Engineering and Photonics (EExPolytech-2019, [IEEE Conference Record #48287](#)) is a conference that aims to bring together specialists in Electrical Engineering and Photonics. The topics cover diverse applications in technology fields such as imaging, communication, sensing, and instrumentation, as well as the sciences such as biology and medicine, chemistry and fundamental physics. The conference is designed for researchers to report on the latest findings on Electrical Engineering and Photonics and stimulate scientific exchange among researchers and engineers from industry and academia.

The official language of the conference is English. The accepted and presented papers will be sent for the indexing in IEEE Xplore.

Proceedings of the 2018 IEEE International Conference on Electrical Engineering and Photonics has been posted to the [IEEE Xplore digital library](#) and indexed in [Scopus](#) and Web of Science. Photos from EEx-Polytech-2018 are available [here](#).
