

Internship Program for International Students in a Research Center of École Polytechnique

We are pleased to announce the opening of the 2018 **Internship Program for International Students**.

This program gives undergraduate and graduate students the opportunity to carry out a 3 to 6-month internship in a research center of [École Polytechnique](#). The Vice Presidency for Marketing and International Relations offers funding to support the interns mobility. The grant covers life expenses on the campus for the whole duration of the internship. Students applications before January 3rd. Our partners are invited to promote the program among students and labs, and to propose us a student's preselection.

You'll find the subjects of research following the link below:

<https://portail.polytechnique.edu/admissions/en/other-programs/internship-program-international-students/internship-subjects-year-2018>

In the same section, you'll find all the details on the application procedure. To complete their application, students will need a nomination letter signed by your international office. You'll find a sample of this letter attached (also downloadable on our website).

For any other question, please contact me, as I'm the person in charge of this program [[alexis.de-](#)
